

The Pink Pad[®]

Advanced Trendelenburg Positioning System

No Sliding

Enveloping &
Immersive

No Nerve Injury

- **Prevent Patient Sliding**

The Pink Pad is the safest, most effective solution for reducing unwanted movement in steep Trendelenburg; even for heavy, high-BMI patients.

- **Reduce Risk of Hospital Acquired Pressure Injuries (HAPIs)**

The Pink Pad's patented, open-cell material is breathable, moisture wicking, insulative, soft-to-the-touch, immersive, and enveloping. Independent studies prove that the Pink Pad reduces erythema compared with other positioning solutions.

- **Eliminate Brachial Plexus Injury Risk**

The Pink Pad is clinically proven to reduce post-operative pain in surgical patients. It functions without placing pressure on the head, neck, or shoulders; thereby eliminating the risk of preventable nerve injuries.

Pressure Relief

In a study of 15 subjects ranging from 16-54 BMI (average BMI of 35.5), the Pink Pad provided an average **peak pressure reduction of 43%**.

The cost of treating Hospital Acquired Pressure Injuries (HAPIs) is over \$1 billion annually, with average increased hospital stays at nine days, and non-reimbursed treatment costs potentially exceeding \$40,000 per patient.

Alessio Pigazzi
M.D., Ph.D., FACS

Patient Safety Breakthroughs

With a mutual goal of addressing every challenge associated with Trendelenburg positioning, Xodus Medical collaborated with Dr. Alessio Pigazzi, an international leader in minimally-invasive general and colorectal surgery. The resulting Pink Pad revolutionized Trendelenburg positioning; protecting countless patients and earning more than 10 US patents, with additional international and pending patents.

Material Differences

Clinical leaders in the world's top hospitals trust the Pink Pad's patented, HAPI-reducing material to maximize patient safety and eliminate sliding in steep Trendelenburg

A Complete Positioning Solution

- Pink Pad XL
- Lift sheet
- Skin-friendly body straps
- One-Step Arm Protectors w/ DermaProx™
- Pink Pad Head Rest
